**Subject:** Updated statement

Hey Rob, this one is better:

This morning a leaking fuel tanker truck caught fire in South Los Angeles, damaging property along West Slauson Avenue and spilling fuel into the street and a nearby storm drain. The City of Los Angeles is leading the cleanup of the street and storm drain, and the U.S. Environmental Protection Agency is addressing cleanup of fuel in and around the truck on private property.

When do you expect to be done?

Margot Perez-Sullivan  
U.S. Environmental Protection Agency
